ANNEXURE II

SUBMISSION OF PROJECT SYNOPSIS AND GUIDE ACCEPTANCE FORM

(To be submitted to the Project Steering Committee)

PART A: Project Synopsis

I. Student Details:

1. Name of the Program: BCA
2. Name of the Student: Prajapati Satyam Arvindbhai
3. Roll Number: 2314516796
4. Session & Year: 2025-2026

II. Project Synopsis:

1. Title of the Project: PDF Doctor
2. Introduction and Review of Literature: (Not more than 500 words):This project do opretion pdf , open souce , self hostable for everyone , so user can process their pdf documents on locally without concerns over privacy, my project do operation on pdf like merge, split , lock , unlock , bulk lock and unlock and specify documents unlock like aadhar card pdf without enter password every
3. Objectives of the Study: (Not more than 200 words) : I have been noticed that when I have some government id or some sensitive documents and want to something on it like unlock it or edit it , it also come with how sensitive information process on third party server and also concerns about misuse of data. So need to something product that has open source, self hostable , no data shared, no login , no singup required, just come and process your document without privacy concerns.

4. Research Methodology: (Not more than 500 words): I searched many tools for this , but most of are closed source, some are also open source but need technical knowledge for it, so I found that for non technical people it is not easy to use that types tools , so provide easy to use UI for that ,so anyone can use it ,regardless technical knowledge.
5. Technology to be Used: (Not more than 500 words): node js, express js , html , css, tailwind css , javascript, qpdf, pdflib, docker, git , github and github action for CI/CD pipeline, VPS (Digital Ocean ,for hosting)
6. References:

III. Guide Details:
